

Charity News

In December 2018, Westerleigh Crematorium & Cemetery were delighted to be able to present two local charities with donations of £3,000 each. The money was raised by recycling the metals that remain following a cremation. This is sensitively recycled by a specialist company and the funds raised are returned to the Crematorium. The Crematorium team then select local charities to receive the donations.

The donations were presented to representatives from both charities by Crematorium manager Luke Dinsdale, at our annual Carol service.

Bridget Woodard of Teenage Cancer Trust said 'Thank you so much again for inviting us to your lovely concert. It was fun and touching at the same time! Your facilities are wonderful and it was obvious how much warmth and respect was in the room. Thank you so much for the £3,000 cheque, it will go a long way to supporting young people with cancer.'

Paul Mundy of Children's Hospice Southwest thanked Luke, saying 'On behalf of everyone at Children's Hospice Southwest, I wanted to thank you for your generous gift of £3,000 raised from metal recycling.'

An additional sum of £275.20 was collected on the night as a retiring collection. This too was split equally between the two charities.

Please note: All types of graves are available to pre-purchase. Please enquire in the Crematorium office for further details.

Although best known locally as a Crematorium, our Cemetery is an important part of the service we provide at Westerleigh.

With a choice between burial plots in a Lawn section, a Traditional section and a Woodland burial area we aim to meet all the burial requirements of the local community.

Towards the end of 2018 we invested further in our Cemetery with the addition of some pre-cast below-ground concrete vaults that provide another option for families.
